## Peter Gilman Quoted in *Law360* on 2022 Private Equity Fundraising Market

01.04.23

Corporate Partner Peter Gilman was quoted in a *Law360* article titled, “What The 10 Largest PE Funds In 2022 Say About The Industry,” which also highlighted the Firm’s work among the top 10 private equity buyout funds of the year. Peter explained that the “private equity market continues to segment in ways that benefit larger, established managers.” He added that “Even in the face of difficult market conditions, conviction seems to be remaining high among large LPs and top-performing managers that private equity as an asset class will continue to outperform. That should bode well for the private equity market, particularly as the ‘flight to quality’ in favor of larger, top-performing managers continues.”
