Mick Tuesley Quoted in *Foreign Investment Watch* on 2022 Takeaways and 2023 Outlook for CFIUS

01.19.23

Mick Tuesley, Head of the Firm's National Security Regulatory Practice, was quoted in two *Foreign Investment Watch* articles which explored CFIUS takeaways from 2022 and predictions for 2023. Mick noted that "In 2022, we saw the Biden Administration taking a more hawkish view of CFIUS and mitigation after Paul Rosen's confirmation, especially when it comes to China and personal data." He added, "I suspect that there will likely be a flood of non-notified transactions in 2023."
