Jeanne M. Annarumma is Senior Counsel in the Firm's Executive Compensation and Employee Benefits Practice. Jeanne works closely with the Firm's numerous private equity, hedge fund and leveraged buyout fund clients in order to assure qualification as "venture capital operating companies" and "real estate operating companies" or meet other available plan asset exceptions in order to avoid ERISA fiduciary and potential prohibited transaction concerns. Jeanne also has experience advising on the issues that arise when assets of a fund do qualify as "plan assets," including avoiding prohibited transactions and the heightened duties that apply to fiduciaries of plan assets.

PRACTICE FOCUS

Executive Compensation and Employee Benefits
