A Partner in the Firm's Registered Funds Practice, Ryan Brizek focuses his practice on transactional and regulatory matters involving regulated funds, with a particular focus on making private markets investment strategies accessible to public investors. Ryan advises clients on the formation and operation of investment funds designed for retail and high net worth investors, including tender offer funds, interval funds, listed closed-end funds, business development companies, mutual funds and exchange-traded funds. He also provides strategic investment management regulatory advice to asset management firms in M&A transactions and serves as transaction counsel to registered funds and their underwriters in capital
