Harry Hudesman focuses his practice on executive compensation and employee benefits issues arising in the context of a wide range of transactions, including high-profile mergers and acquisitions, spin-offs and initial public offerings, among others. He regularly advises public and private companies across numerous industries on a broad range of employment, compensatory and benefit matters including the design, negotiation and implementation of employment and separation arrangements, cash-based and equity-based incentive plans, golden parachute excise tax issues and related employment matters.
